

**Have you got the spark
of an idea for how tech
can help people gain
skills for work?**

**Now is the time to
bring it to life.**

**Ufi provide grants of between
£30,000 and £60,000.**

Introducing VocTech Activate

Grants of between **£30,000 and £60,000** for projects lasting from **three to 12 months**.

What we are looking for

Ufi are on the lookout for new ideas that use digital tools and approaches to transform how people gain skills for work. We are focused on supporting sectors, locations, skills levels and individuals who are less well served by existing training and tools.

The VocTech Activate grant fund is designed to support experimentation and scoping of **early-stage ideas**, including pilots, prototyping and planning for longer-term deployment.

Applications open on 2 January and close on 31 January 2024.
